

### Library Book Wish List

First person accounts, the words of real people telling their experiences, makes history come alive.

If there were a section of books, articles, etc. in the original voice, what a significant collection that would be and that could be publicized as unique to the N.S.U.S.D. 1812 Library.

There are letters, newspaper articles, magazine articles that could be included. State Historians, working through chapter historians, could transcribe and or copy these documents and submit for inclusion.

The 1812 Library currently owns some of the following suggested books. However, the copy owned may be 100 years old or older, and a reprint for general use may be more appropriate.
